

Saffron Walden Town Council – Town Centre Consultation

We want to know your views on the future use of the town centre, especially your thoughts around parking and traffic movement.

Led by Saffron Walden Town Council, this first phase of consultation phase seeks to find out what people like, don't like and would like to change about the town centre.

The results from the first phase will be used to help shape and formulate any firm proposals in the second phase of consultation. We will take on board ideas and suggestions in any future designs or proposals.

Our consultation aims to capture a consensus from the community on how we can improve upon the town centre and we particularly seek views from the younger generation who may be looking to move into their own home and lay down roots in Saffron Walden.

To be successful, the framework must be relevant, not only to the younger generation, but to those with deep roots in the town - those who have lived its history and want the best for the town's future. It must also capture views, thoughts and suggestions from residents, retailers, businesses and visitors; all have a key part to play in the continued success of Saffron Walden's town centre offering.

This first phase consultation will run from mid-July to the end of August. It is anticipated the second phase will be live by October 2021.

Please visit our online survey to share your thoughts and ideas: <https://saffronwaldentowncentre.commonplace.is/>

There will be public consultation events on the Market Square on Tuesdays, 27 July and 10 August whereby members of the public may attend in person to give their views – just look out for the gazebo.
