F&E 025-22	<p>Review of SWTC Grant Policy</p> <p>Committee received and noted the report, providing guidance and affirmation to the Working Group as follows:</p> <ul style="list-style-type: none"> (a) That applications should be awarded to groups and not individuals. (b) That the work and funding behind the Youth Partnership Grants should also be considered within the review (c) To review how grants are allocated so that committee(s) can have sight of the bigger picture (ie grants currently awarded by the F & E Committee but youth partnership is administered via the A & S Committee. There wasn't a desire to bring all grants under one committee but rather an acknowledgement that both should have oversight of the whole process). The Clerk noted that work was being progressed with the Youth Outreach Project which included the consideration of a Service Level Agreement (d) New question for grant form could be: what is the percentage of young people supported in your project? (e) When considering a funding cap Committee agreed that a cap is required and should be detailed within the application form – perhaps “Ordinary application limit of £500, however we may award in excess of this up to £1,000”. (f) The RFO was requested to project the grant balance if all grants awarded in 2020/21 had been a maximum of £500 and/or £1,000 (g) Committee approved the concept of awarding grants for non-capital costs, which could include general overheads and operating costs – this should be qualified to note that the overall aims and objectives of the application must be for the direct benefit of SW residents
