

Agenda item: 10

Committee	Assets & Services
Month	October 2022
Report Title	Herbert's Farm Request for permission to install a multi-Use Games Area
Report Author	Terry Frostick Operations Manager
Attachments	None

Summary

An initial discussion has taken place between the Operations Manager and the Herbert's Farm Partnership regarding a suitable site for a Multi-Use Games Area at the Herbert's Farm site.

An area which is unused by the end of the pavilion was identified as suitable.

HFP are looking to design, obtain any permissions required, fund and install the MUGA.

As Tenant HFP must seek the Landlords permission as this is a lease requirement.

Recommendation:

To agree the principle that The Herbert's Farm Partnership be allowed permission to install a Multi-Use Games Area and SWTC Officers and the A&S Committee be kept updated as the project moves forward.
