

SAFFRON WALDEN  
TOWN COUNCIL

# Climate Change Policy

Version	Adopted Date	Minute Reference	Review Date
1	October 2019	FC 076-19	October 2022

Saffron Walden Town Council declares a climate and ecological emergency.

Saffron Walden Town Council pledges to work with the local community, business, schools and the district and county councils with the intention to make Saffron Walden and Essex Carbon Neutral by 2030, in line with the Uttlesford District council's target, and following recommendations from the Intergovernmental Panel on Climate Change (IPCC).

Saffron Walden Town Council commits to work with other local authority organisations and appropriate government departments to determine and implement best practise methods to limit Global Warming to less than one and half degrees Celsius.

Saffron Walden Town council determines to place this issue on Council Committee agendas to agree strategies and action plans.
