

Committee	A&S
Month	October 2023
Report Title	Salt Bins
Report Author	Georgia Arnold Deputy Town Clerk
Attachments	Map Salt Bins Saffron Walden

Agenda item: 6

Summary

At the July A&S committee meeting the following was resolved (A&S 080-23):

Committee noted the written report attached to the agenda, detailing the costs involved in installing grit bins.

It was Resolved:

- Not to install any additional grit bins, acknowledging the costs involved.*
- To include a provision for salt costs in the 2024/25 budget of £10,000 to refill the bins SWTC already owned*
- To lobby ECC to carry out gritting during winter/icy months*
- To prepare a report listing the bins SWTC manages with their location to inform future budget setting, the report should come to the September or October meeting.*

The purpose of this report therefore is to provide committee with the locations of salt bins in Saffron Walden.

Attached to this report is a map illustrating the SWTC owned salt bins (black icons) and those managed by Essex County Council (red icons). (see Appendix 6A)

For information two Uttlesford District Council members have granted SWTC with £525 in total from their Ward Member Initiative Funds, equating to the salt required to refill two SWTC salt bins.

Recommendation

Committee is asked to note the above information.
