A & S 089-23	Saffron Walden Football Club (SWFC) / Catons Lane site Matt Clare from SWFC was present and spoke further to the presentation slides attached to the agenda, noting the proposal to install a 3G turf pitch instead of grass. Following his presentation, there were a series of questions and a discussion about how the new pitch would be managed, summarised below: (a) The Club may look to enhance the existing parking facility and to introduce a parking management system to prevent fly-parking; (b) Primary funding would be sought from the Football Foundation with additional local fund raising (similar to the model used for the 3-G pitch at SWCHS);

	<p>(c) Should the Football Foundation provide significant funding, they would put a charge of the facility for 20-years meaning the site must remain as a football pitch for that duration;</p> <p>(d) In the event of the Club ceasing to exist, the responsibility for maintaining the pitch and its community use, would fall to SWTC during this 20-year period; this clause will only apply IF the condition is imposed by the Football Foundation as a result of any funding they may provide for the 3G pitch.</p> <p>(e) Councillors discussed the drainage of the 3-G pitch and it was agreed Matt would provide details of the drainage specification.</p> <p>It was unanimously resolved: To support the project, noting changes may be required to the existing lease between SWFC and SWTC.
