Cllr Gadd  
Apologies for the delay in responding.  
You will recall that when we last met, I mentioned that a number of matters were likely to be delayed, as I was heavily involved in the Uttlesford Local Plan Examination. The examination hearings have thankfully concluded this week, so I will be turning my focus to this next week as I have much increased capacity.

I have already had conversations with ECC colleagues this week (in between hearing sessions) and have indicated that this is likely to be a priority of mine going forward.

I'll be in touch later next week with more of an update.

Kind regards

Sorry, but another chaser on the market square scheme.

As you'd expect, SW Town Council - and I - are getting more and more frustrated at the lack of any progress on the part pedestrianisation scheme, and the consequent apparent likelihood of losing the DfT grant funding for implementation.

[REDACTED] you said that you were optimistic of a solution, so just writing to the 2 of you as much in desperation as anything else to see if anything can be done within the foreseeable future?

Many thanks, good luck with the Local Plan Examination process, and hope all's well with both of you.

BW

Paul
